

Artificial intelligent app

GOTCHA

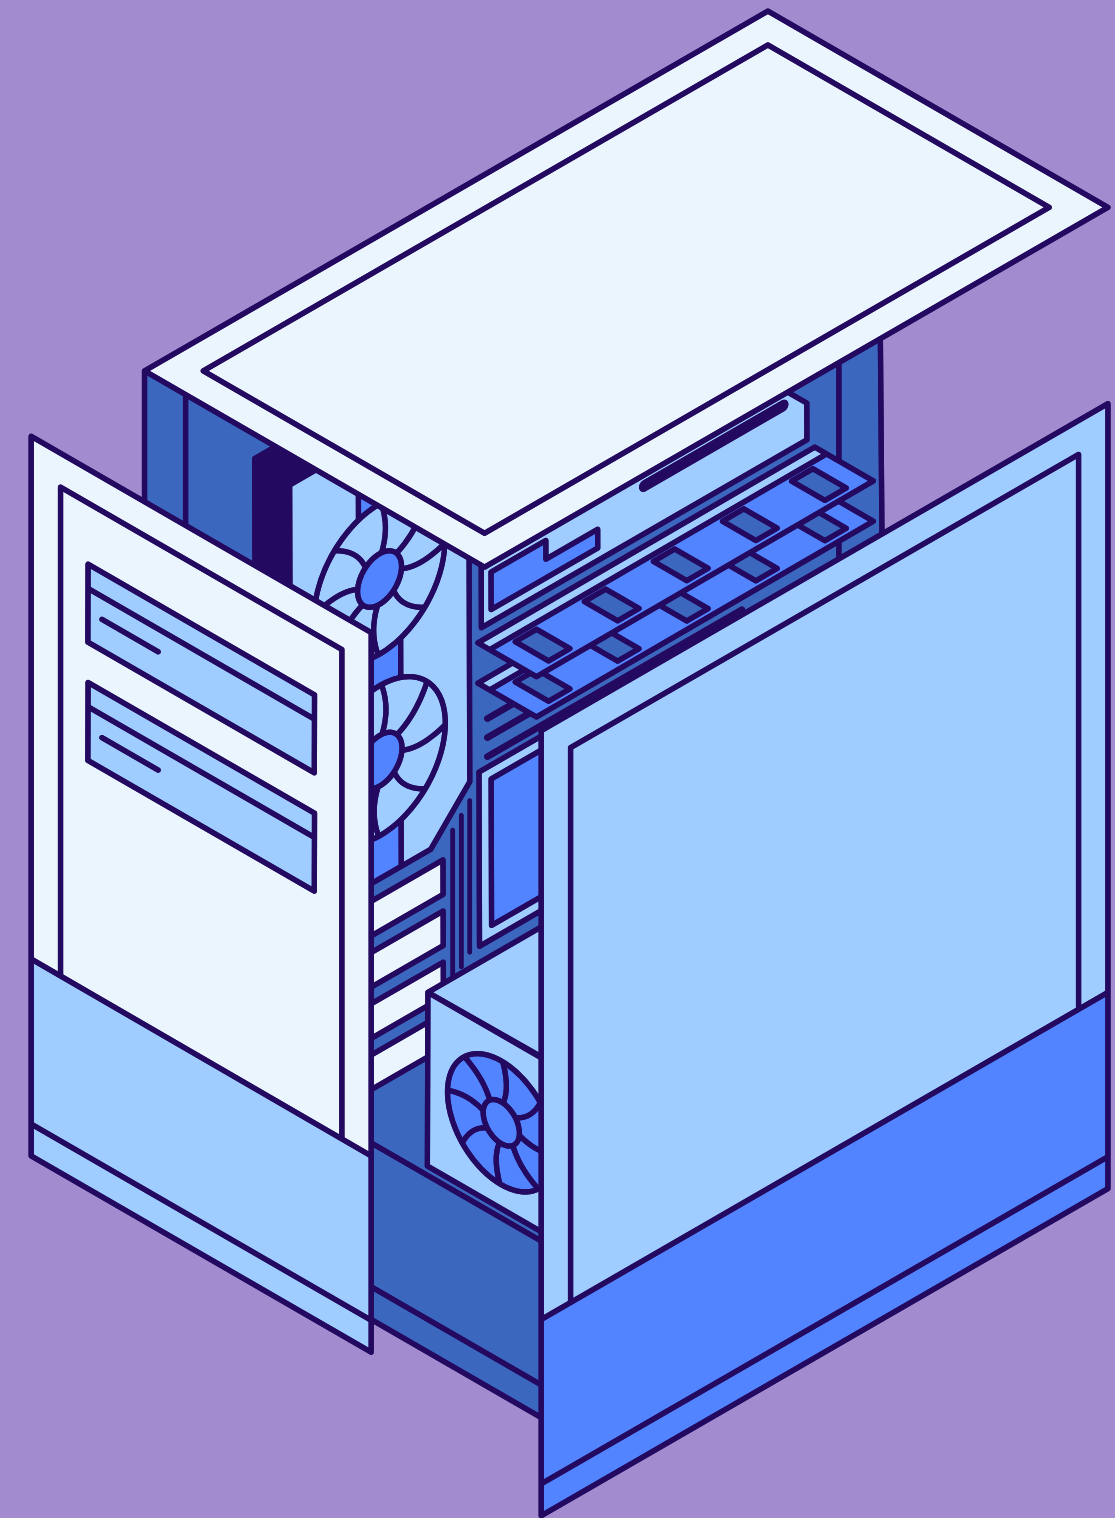

INTRODUCTION

Our AI study helper is a cutting-edge platform offering personalized study materials and guidance tailored to each student's unique learning style. It analyzes how students learn and creates customized study plans, slides, and quizzes. Students can upload and organize their own study materials, access them offline, and generate summaries and mind maps using smart technology. With search and organization features, our study helper provides a comprehensive and efficient platform for all studying needs.

THE TARGETED USERS:

The target users for this project are students from various educational levels seeking effective tools and resources to support their learning journey.

MAIN PROBLEM TO BE SOLVED :

Our app helps students prioritize important topics when they have limited study time. It includes interactive quizzes for self-assessment, providing immediate feedback. The app consolidates study resources into one platform, offering personalized study plans, slides, quizzes, and performance analytics. It also facilitates collaboration, allowing students to share materials and engage in peer learning.

DATA GATHERING

USED METHOD OF DATA GATHERING : SURVAY

QUESTIONS OF SURVAY :

- How often do you use technology for studying purposes?
- Would you be interested in using an AI-powered tool to generate study slides and quizzes?
- What types of multimedia elements :(images, videos, audio) do you find most engaging in study materials?
- Would you be open to sharing your study materials and quizzes with other students using the same AI tool?
- How would you rate your ability to manage and organize study materials effectively?

GOTCHA

.developing an AI APP study assistant that personalizes study materials and guidance for students

يجمع هذا النموذج تلقائيًا عناوين البريد الإلكتروني من جميع المجيبين. تغيير الإعدادات

* ?How often do you use technology for studying purposes

- Daily ☐
- Several times a week ☐
- Once a week ☐
- Rarely ☐
- Never ☐

...

* ?How would you rate your ability to manage and organize study materials effectively

- Very poor ☐
- Below average ☐
- Average ☐
- Above average ☐
- Excellent ☐

* ?How important is it for you to have access to study materials on all of your devices

- Extremely important - I need access to study materials on all of my devices. ☐
- Moderately important - It's convenient but not essential. ☐
- Not very important - I primarily study using a single device. ☐

* ?Would you be interested in using an AI-powered tool to generate study slides and quizzes

- Yes, definitely. ☐
- I'm open to trying it. ☐
- No, I don't find slides and quizzes helpful in my studying. ☐

* What types of multimedia elements :(images, videos, audio) do you find most engaging in ?study materials

- Images ☐
- Videos ☐
- Audio ☐
- all the above ☐
- None of the above (prefer text-based materials) ☐

...

* How often do you feel overwhelmed by the amount of information you need to study for exams

- Always ☐
- Often ☐
- Sometimes ☐
- Rarely ☐
- Never ☐

* Would you be open to sharing your study materials and quizzes with other students using the ?same AI tool

- Yes ☐
- No ☐
- Maybe ☐

* ?Do you prefer studying alone or in groups

- alone ☐
- in groups ☐

* ?How much time do you typically spend studying for a single subject in one session

- Less than 3 hour ☐
- 3 to 6 hours ☐
- 7 to 10 hours ☐
- more than 10 hours ☐

* ?Have you used interactive quizzes to study before? If yes, how helpful were they

- yes ☐
- No ☐

* If yes, how helpful were the quizzes you used? If your answer was "No," you can simply "respond with "N/A

NEEDS

- Need for efficient summarization of clips and slides.
- Need for generating meaningful questions from educational content.
- Need for effective organization and management of study materials.

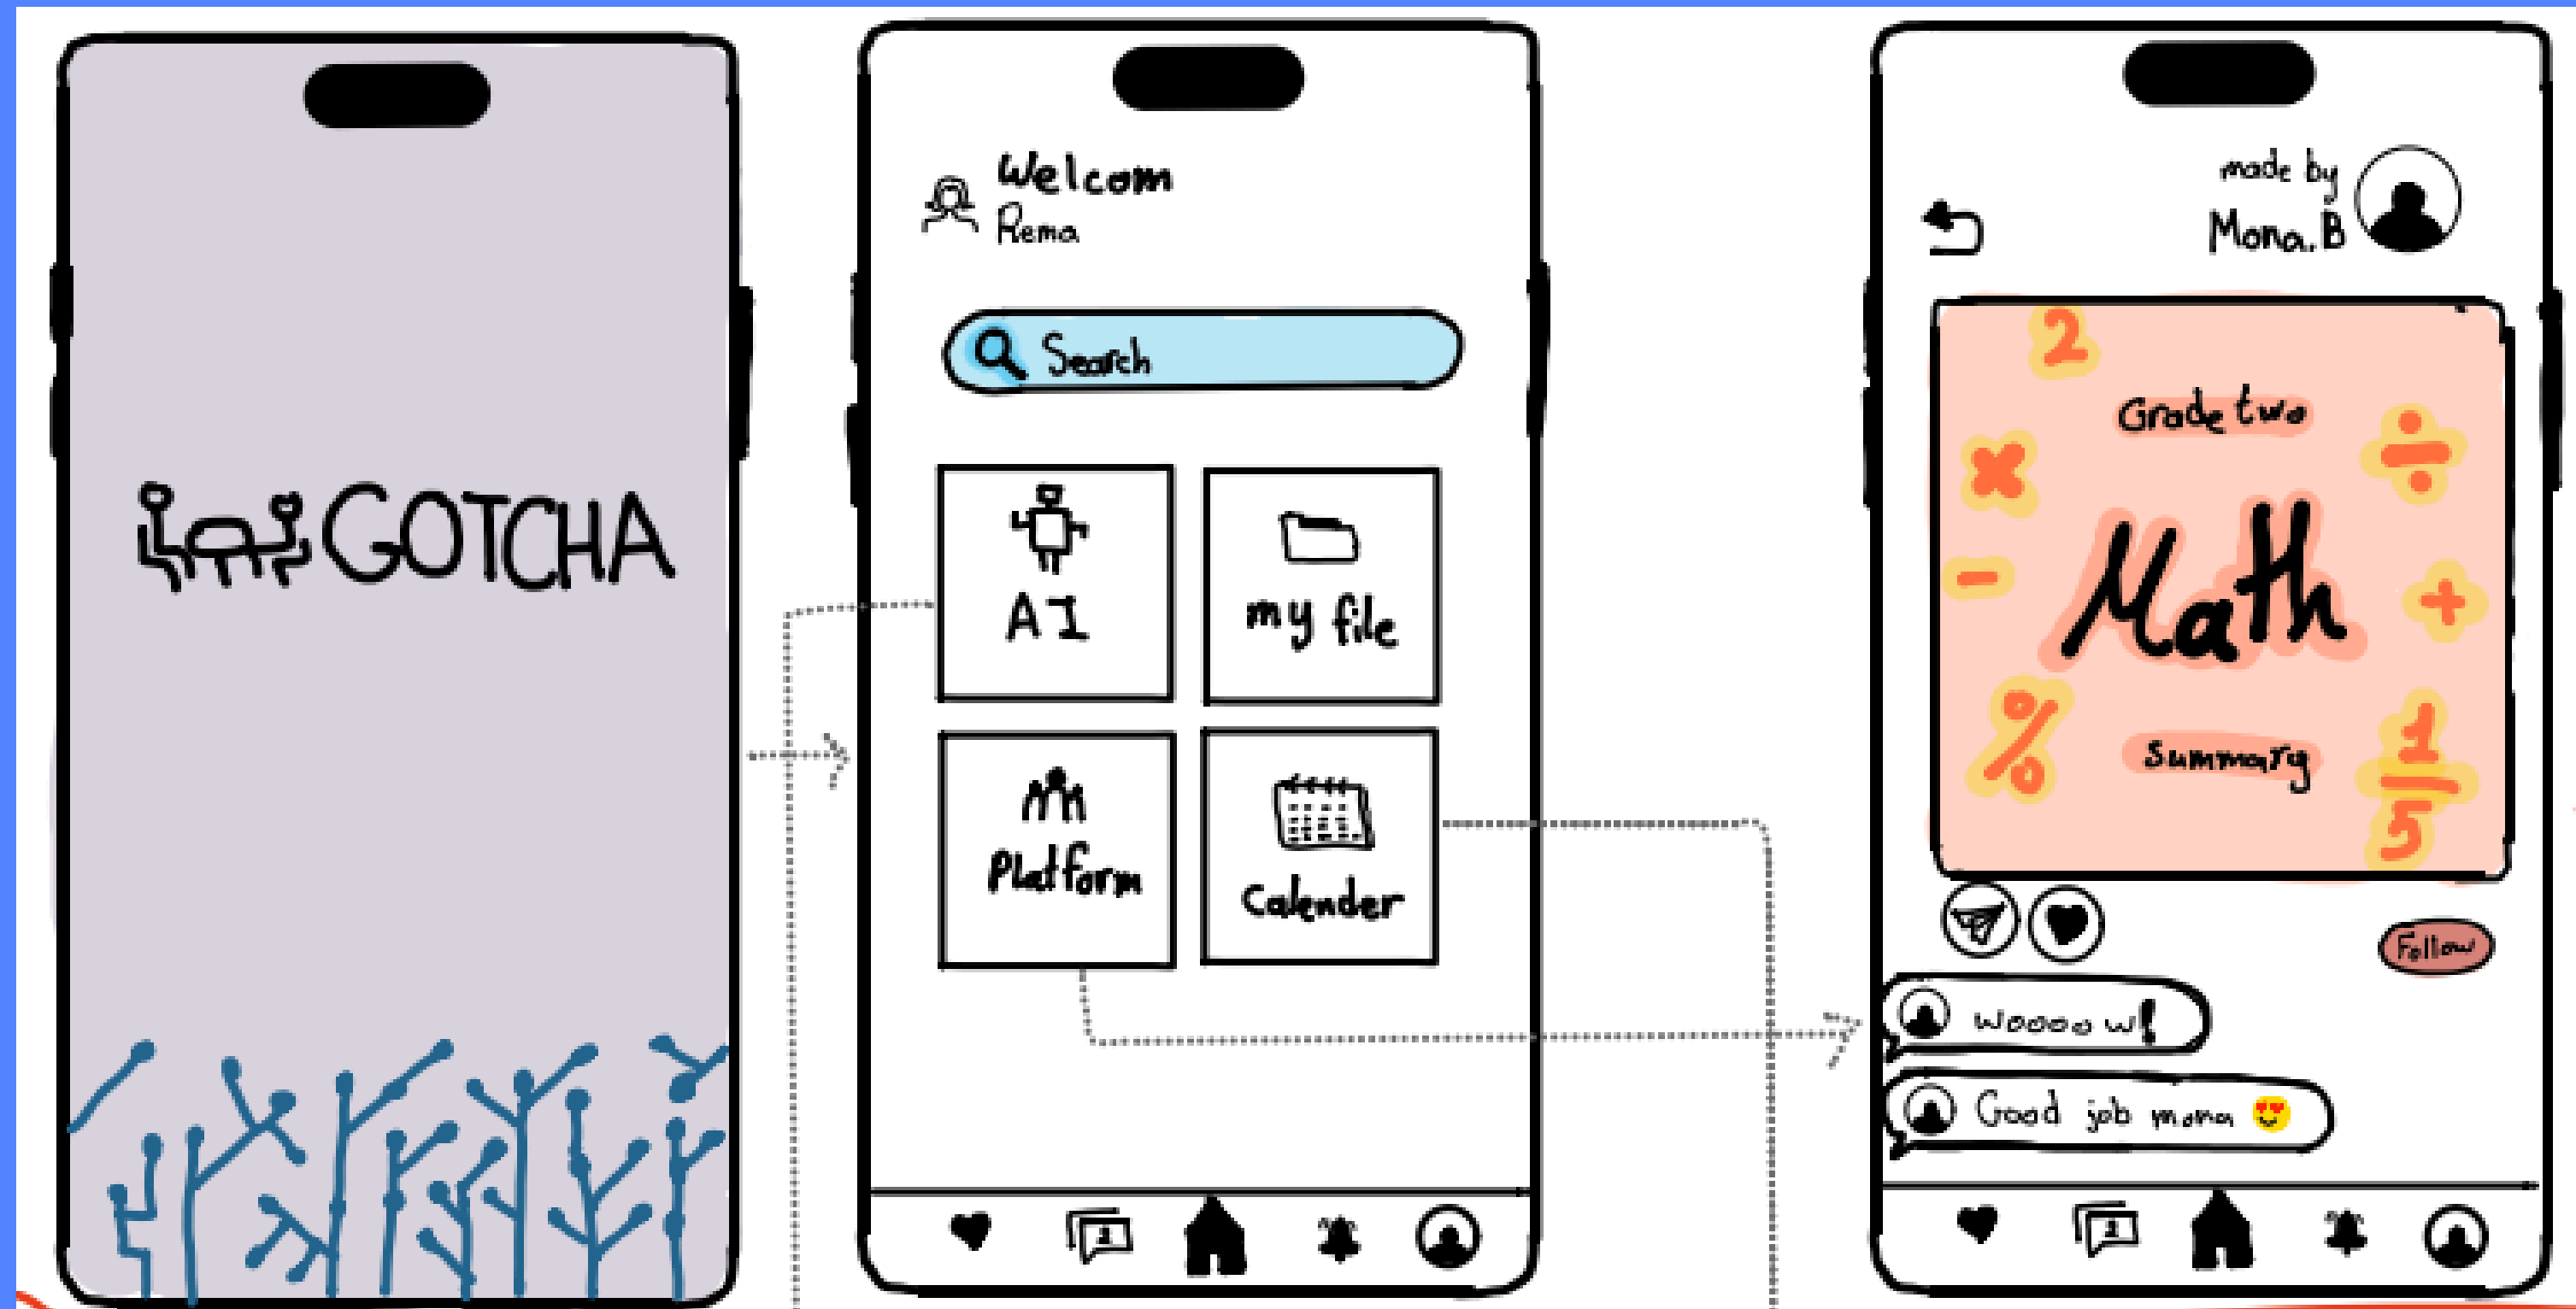

INSIGHTS

- Organized study materials lead to better productivity and reduced stress.
- Interactive learning methods, such as question creation, enhance knowledge retention.
- A user-friendly and intuitive platform increases user engagement and satisfaction

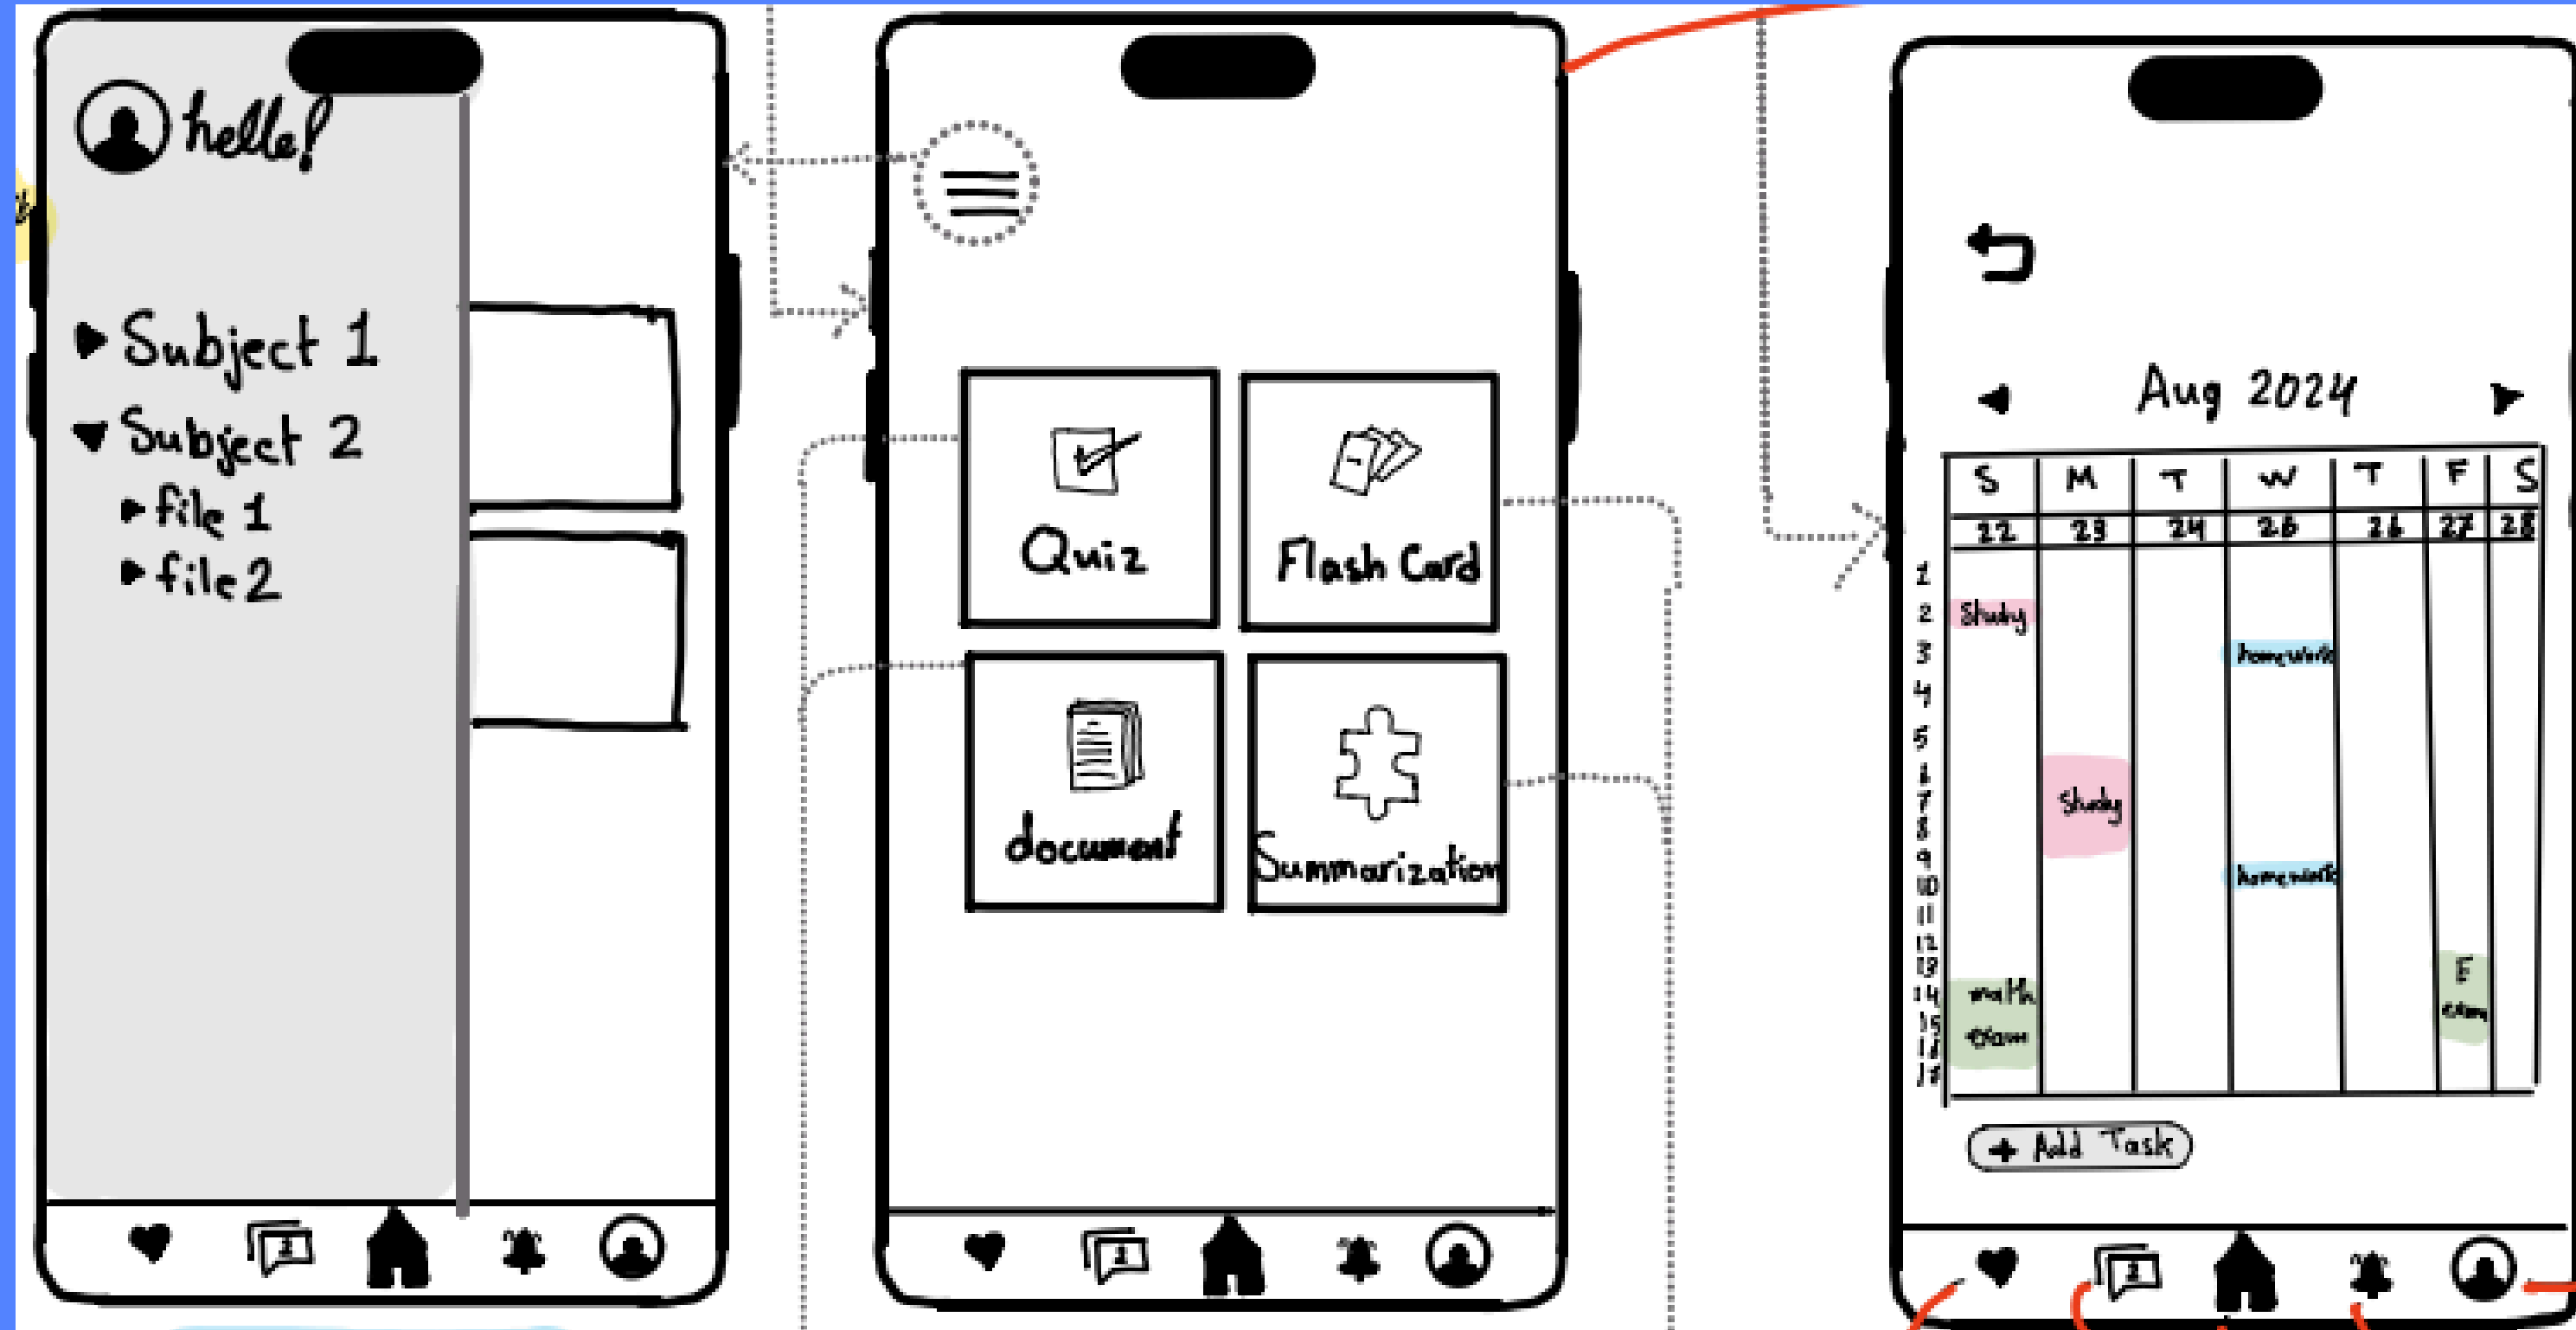

TASKS

- Develop a feature that enables students to efficiently summarize clips or slides, extracting key points and essential information.
- Implement a tool that allows students to create relevant and thought-provoking questions based on the content, promoting active learning and deeper understanding.
- Design an intuitive and visually appealing user interface that offers a seamless user experience, making it easy for students to navigate, interact with features, and stay engaged with the platform
